Bob, here's what I have.

As we discussed, we had 3 meetings with DEA on the ICG guidelines (4/15/08, 6/4/08 and one in Sept. of 08). I've included a summary of the first one, labeled "draft" since I didn't want it to look final if it ever "got out". Also, the second meeting consisted of DEA giving us verbal feedback on their review of the draft ICG we gave them. This is therefore a summary of that feedback. Again, we never called it "final" since I was more interested in finishing the ICG than in perfecting a summary. For the third meeting, I didn't do a summary since it was a shorter meeting and just explained what we did with their comments.

Also included is a summary of a meeting HDMA had with DEA in Sept. 07, just to ask them what was going on with their meetings with distributors. I'd ask you not to circulate these meeting summaries, since they're not for public consumption.

Pls note I've included a couple of meeting requests, our Ryan Haight Online Pharmacy Act comments, since we bring up SO monitoring there, and the letter from DEA's Chief Counsel commending us for the ICG. They didn't go so far as to endorse the ICG, just said it was a great effort.

I'll continue to look for other information, but actually, I think this is pretty much it. There wasn't a whole lot. If you have any questions, please let me know.

Anita
